# Find and Play a Movie

Example:

## 1. Press VRQ Button.

This button will always bring you to the VideoReQuest Homepage.  
From here, choose how you want to browse your movie collection.  
You can select either All Movies, Genres, Ratings, Actors, Directors, or see what's Now Playing.

## 2. Select ALL MOVIES and Press ENTER.

This brings you to the All Movies screen.  
All your movies are listed here alphabetically.

## 3. Press Navigation buttons or PAGE UP/DOWN.

Scroll through your collection to find the DVD you want to watch.

## 4. Highlight the movie you want to watch and press ENTER.

This brings you to the More Info Screen.  
Here you will see information about the movie as well as the DVD coverart if it is available.

## 5. Press PLAY.

VideoReQuest will communicate with the DVD changer and begin playing the movie.
